

PARTNERSHIP PROPOSAL

WHO WE ARE

Mums4Mums Charitable Trust is a community-driven organization dedicated to supporting mothers and families during times of need. We believe that every mum deserves a helping hand, whether it's through essential supplies, emotional support, or practical assistance. Our mission is to create a network of kindness, ensuring no mother feels alone in her journey. Through donations, volunteer efforts, and local partnerships, we provide essential resources such as baby items, food, and support services to those facing hardship.

At **Mums4Mums**, we uplift, empower, and stand together—because when mums support mums, families and communities thrive.

Mums4Mums Charitable Trust understands that parenting can be overwhelming, and when families experience emotional or social challenges, the burden can feel even heavier. Our mission is to ensure that no mother feels alone and that every child has access to the essentials they need to thrive. We believe small acts of kindness create lasting change, which is why we provide not just material aid but also emotional, social, and practical support to struggling mums.

Many mothers in our communities face unexpected hardships, including maternal mental health challenges and social isolation. Disturbingly, New Zealand has the worst maternal outcomes among OECD countries, with rates of maternal distress and complications seven times higher than in the UK. By stepping in with immediate assistance, we help ease these burdens, giving mothers the space to decompress, feel supported, and reconnect with their baby in a positive way.

We operate with the core belief that when we uplift one mother, we strengthen an entire family—and ultimately, the whole community. Our initiatives empower mothers with dignity, respect, and care, ensuring they receive the support they deserve without judgment. Every donation, volunteer effort, and act of generosity contributes to a more connected and compassionate society.

Our impact goes beyond providing material assistance; it fosters hope and resilience. By working together, we create a ripple effect where kindness is paid forward, and families gain the strength to rebuild and thrive. Whether it's a mum recovering from a birth trauma, social isolation, fatigue, maternal mental health distress or seeking emotional reassurance, Mums4Mums is here to offer comfort, guidance, and community.

Because at **Mums4Mums**, we believe in more than just giving—we believe in **Aroha in Action**

Feedback From Our Families

“I am so very grateful for the help provided by Mums4mums. We don't have any family nearby and our volunteer was so lovely and helpful. Her visits allowed me to have some much needed rest and me time. “

Even though I never really felt like I got much done when a volunteer was here, it was still really nice to be able to have someone to talk to and help process some of the things my family, and I had been going through at the time. Mums 4 mums is great, I highly recommend the service. SR

An invaluable part of restoring my positive mental well-being as I transitioned into motherhood.

The volunteers were all such beautiful people! The love and care that they showed the twins was amazing and they will be friends for life - BH

The support right through by Rachael was incredible. The act of support and kindness has transformed my life during the incredible motherhood journey.
- AA

Mums4mums has been a lifesaver for me. The volunteer has now basically become a family member.

The one thing that really helped me feel like family was support. If you can, a little more time would be excellent. I genuinely value their assistance, which is beneficial on both a mental and physical level. KF

I loved that my volunteers loved on my baby and me. They made me feel supported and valuable. Having mum4mums helped me through a really tough spot. I was really struggling and they lifted me up - SO
